Frequently Asked Questions

Q - How can I tell if a commercial risk requires a filing?

A – Typically, the applicant is aware of whether a filing is needed; however, a good rule of thumb is to ask the applicant whether the vehicles will be used “for hire” or if they will be charging for the use of their vehicles. If the risk is “for hire”, filings are required. This means that in addition to the mandatory liability coverages and optional physical damage coverages, hired and non-owned coverage will automatically be added to the policy.

Q – Why does the MAIPF require a cashier’s check or money order on a commercial risk that needs filings?

A – We require the guaranteed funds to make sure that there is sufficient premium for coverage when the filings are made. MDOT requires that filings remain in place for 30 days even if the policy is cancelled.

Q – What is the associated cost when filings are needed on a commercial risk?

A - There is no additional fee when a filing is required.

Manual & Rate Revisions

Rate Revisions (approved by OFIR):

1. October 1, 2012 — Private Passenger Base Rate Revision: Overall 20.0% decrease (includes Limited Property Damage limit increase from \$500 to \$1000)
2. October 1, 2012 — Commercial Base Rate Revision: Overall 3.0% decrease (includes Limited Property Damage limit increase from \$500 to \$1000)
3. January 1, 2013 – Personal Injury Protection – Additional Charges:
 - Private Passenger Auto: The semi-annual per-vehicle charge will increase to \$161.
 - Commercial Auto: The annual per-vehicle charge will increase to \$557 for all non-fleet autos (owned by a corporation, partnership or unincorporated association) and to \$554 for all other commercial autos, dealer plates or registration plates.

These increases result from our annual assessment from the Michigan Assigned Claims Facility.

Private Passenger Applications (MAIPF-03)

Now that private passenger applications are being submitted electronically through EARS, the MAIPF will no longer maintain a supply of the paper forms (MAIPF-03) in our office. Blank applications may be downloaded from our website on the rare occasions when the EARS system is unavailable. If necessary, we can ship you a small quantity of applications which we are now printing on site. Use of the three page carbon-paper form with the tear-away edge will be discontinued.

The MAIPF-03 has two noticeable changes:

- Limited Property Damage Liability (Mini-Tort) has been changed from \$500 to \$1000.
- The last page now includes the explanation of rights and collision coverages. This statement is also currently on the back page of the MAIPF-01 Temporary Certificate of Insurance.

Producer Document Retention

We are often asked about our document retention policy for producers. The MAIPF is required to maintain all relevant documents needed for an examination by the Office of Financial and Insurance Regulation. As such, we suggest that you retain all MAIPF documents for your customers for at least the period beginning with the close of our last examination date. This suggestion is made for informational purposes only, and we recommend that you seek the advice of your legal representative, your appointing companies and/or your agent's association in order to craft a document retention policy that best meets the needs of your agency.

- Closing date of the last MAIPF examination: 12/31/2006
- Closing date of the current MAIPF examination: 12/31/2011 (to be completed in 2013 – documents must be available until exam is complete)

For additional information, see [MCL500.222\(6\)](#).

Limousine or Taxi?

To help you classify a vehicle carrying passengers, such as a taxicab or limousine, we have put together these guidelines. Both must be submitted on the commercial application (MAIPF-04):

Taxicab or Similar Passenger Carrying Service - A metered or unmetered auto with a seating capacity of eight or less that is operated for hire by the named insured or an employee, but does not pick up, transport or discharge passengers along a route.

Limousine - An unmarked auto that is operated for hire by the named insured or an employee and used on a prearranged basis for special or business functions, weddings, funerals or similar purposes.

HEAT® Program

Now in our 27th year, HEAT® continues to serve as a valuable tool for fighting crime. Our program has aided law enforcement in the recovery of nearly \$55 million in stolen vehicles and related property, and has paid rewards to tipsters totaling over \$3.8 million.

HEAT® is a confidential, toll-free tip line to allow citizens to report information about auto theft, auto theft-related insurance fraud or identity theft, carjacking, theft rings and chop shops. If the suspects are arrested and bound over for trial, rewards can range up to \$10,000! All funding for the program is provided by Michigan auto insurers. Live operators are ready to take calls 24/7.

To date in 2012, we have awarded over \$82,000 to tipsters who provided information leading to 55 arrests and the recovery of \$870,000 in stolen vehicles and other property.

To obtain free materials for display in your agency or to include in mailings to your clients, contact Nina Hier at ext. 227 or via email at info@miheat.org. Program information and theft prevention tips are also available on our web site, www.miheat.org.
