

## **IMPORTANT NOTICE**

### **WITHDRAWAL OF ALLSTATE INSURANCE COMPANY**

Effective January 1, 2011, Allstate Insurance Company will no longer act as a servicing carrier for the Michigan Automobile Insurance Placement Facility (MAIPF).

Allstate will continue to handle all transactions for current policies until their cancellation or normal policy expiration, including endorsements and billing. Policies that cancel for non-payment of premium must be rewritten with another MAIPF servicing carrier or in the voluntary market if eligible.

All claims occurring prior to the cancellation or expiration of current policies will be handled by Allstate to their conclusion.

Allstate will mail notices to all policyholders and producers of record prior to the expiration date of their policies. This provides an excellent opportunity for exploring the options available in the voluntary market, and we urge you to do so. For individuals who must continue to be insured through the MAIPF, the remaining private passenger servicing carriers are:

Auto Club Insurance Association  
Auto Owners Insurance Company  
Citizens Insurance Company  
State Farm Mutual Auto Insurance Company
